STATINTL  
STATINTL

1. Reference (b) requested authorization to spend [REDACTED]  
to prepare a site for the installation of the subject named  
comparator.

2. The approval given to reference (b) cited the condition  
that the work request would be issued after review of preliminary  
drawings and specifications by the Real Estate and Construction  
Division, OL and the Construction Division, Region 3, General  
Services Administration (GSA).

3. A review of conceptual drawings (pre-preliminary) has  
been made by the parties cited above. The concept is approved.

4. Reference (a) set forth reasons for the firm [REDACTED]  
[REDACTED] being selected for the design phase of the building  
modification involved in the project. This office has no objection  
to such selection and has informally received the concurrence of  
GSA in this selection. A letter forwarding the work order to GSA  
should cite the reasons for the use of [REDACTED] as the  
design engineers with accent being given to [REDACTED] prior in-  
volvement with the development of the comparator and his knowledge  
of the mechanical and structural problems connected with the device.

5. The proposed scope of work and estimate of cost is set  
forth in the attachment.
